

HSBC Investor Opportunity Fund

For people seeking long-term growth

DATA FOR CLASS I SHARES AS OF SEPTEMBER 30, 2009

STRATEGY

What the Fund Invests in

The Fund seeks long-term growth of capital by investing in the stocks of companies with:

- Superior company management
- Significant insider ownership
- Solid financial controls
- Cash flow sufficient to fund growth
- Unit volume growth
- Unique market position/pricing power
- Low financial leverage

Investment Concerns

Stocks of small-capitalization companies are more volatile and carry more risk than other forms of equity (stock) investments, including investments in high-grade fixed income securities.

Fund Management

The HSBC Investor Opportunity Fund is part of a "master-feeder" fund structure and invests all of its assets in the HSBC Investor Opportunity Portfolio, which serves as the master fund. Westfield Capital Management Company, L.P. ("Westfield") serves as the subadvisor to the Portfolio and manages its investments. Using a team approach to investing, Westfield seeks to invest in companies with consistent or accelerating earnings growth.

WHO MAY WANT TO INVEST?

Consider investing in the Fund if you are:

- Seeking a long-term investment
- Looking to add a growth component to your portfolio
- Seeking potentially higher long-term returns and are willing to accept the higher risks of investing in emerging companies

This Fund will not be appropriate for anyone:

- Seeking monthly income
- Pursuing a short-term goal
- Investing emergency reserves
- Seeking safety of principal

Class I Shares require an initial minimum investment of \$5 MM unless purchased in an investment management account.

Past performance does not guarantee future results. The performance data quoted represents past performance and current returns may be lower or higher. The investment return and principal value will fluctuate so that an investor's shares, when redeemed may be worth more or less than the original cost. To obtain performance information current to the most recent month end, please call 1-800-782-8183, or visit our website at www.investorfunds.us.hsbc.com.

The performance above reflects any fee waivers that have been in effect during the applicable periods as well as any expense reimbursements that have periodically been made. Absent such waivers and reimbursements, returns would have been lower.

* Aggregate total returns.

† Reflects the expense ratio as reported in the prospectus dated February 27, 2009.

†† During June 2009, the Fund received monies related to certain litigation settlements which enhanced performance. Without receipt of this payment, the returns for the applicable periods would have been lower.

GROWTH OF A \$10,000 INVESTMENT

Past performance does not guarantee future results. The above graph represents a hypothetical investment, and represents the reinvestment of dividends and capital gains in the Fund.

¹ Lipper mutual funds averages are equally weighted averages of the mutual funds within their respective Lipper classifications, adjusted for the reinvestment of capital gains distributions and income dividends.

² The Russell 2500™ Growth Index measures the performance of the small to mid-cap growth segment of the U.S. equity universe. It includes those Russell 2500 companies with higher price-to-book ratios and higher forecasted growth values. The index is unmanaged and does not reflect the fees and expenses associated with a mutual fund. An investor cannot invest directly in an index.

³ During June 2009, the Fund received monies related to certain litigation settlements which enhanced performance. Without the receipt of these payments, the returns for the applicable periods would have been lower.
