4. Account Options

A. Cost Basis Methodology Options

Federal law requires mutual fund companies to report cost basis information to shareholders and to the Internal Revenue Service (IRS) on mutual fund shares acquired and subsequently redeemed after January 1, 2012 (covered shares). In order to provide you and the IRS with accurate cost basis accounting, you are being asked to select a cost basis method for your new account.

You may want to consult your tax adviser to determine which method best suits your individual tax situation.

If you do not elect a method, the Fund default method of **Average Cost** will apply until such a time that it is revoked or changed by you. Please choose one of the following available cost basis methods:

- Average cost (ACST)** – the purchase price of all covered shares in the account are averaged.
- First in, First out (FIFO)** – Depletes shares beginning with the earliest acquisition date.
- Last in, First out (LIFO)** – Depletes shares beginning with the most recent acquisition date.
- High cost (HIFO)** – Depletes shares beginning with the most expensive shares.
- Low cost (LOFO)** – Depletes shares beginning with the least expensive shares.
- Loss/Gain Utilization (LGUT)** – Depletes shares with losses prior to shares with gains and short-term shares prior to long-term shares.
- Specific Lot Identification (SLID)** – Depletes shares as identified by you at the time of redemption (please refer to secondary method options below).

If you would rather select specific lot identification (meaning you will inform us at the time of redemption of which specific share lots you want redeemed), please choose a secondary method to be used in the event that specific lot depletion information is not provided

Please choose one of the following:

- First in, First out (FIFO)
- Low cost (LOFO)
- Last in, First out (LIFO)
- Loss/Gain Utilization (LGUT)
- High cost (HIFO)

Your elected cost basis method will be applied to all existing and future accounts opened that have the same account type and registration.

7. Legal Entity Beneficial Ownership Certification

I. GENERAL INFORMATION

• What is this form?

To help the government fight financial crime, Federal regulation requires certain financial institutions to obtain, verify, and record information about the beneficial owners of legal entity customers. Legal entities can be abused to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud, and other financial crimes. Requiring the disclosure of key individuals who own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes.

• Who has to complete this form?

This form must be completed by the person opening a new account on behalf of a legal entity with any of the following U.S. financial institutions: (i) a bank or credit union; (ii) a broker or dealer in securities; (iii) a mutual fund; (iv) a futures commission merchant; or (v) an introducing broker in commodities.

For the purposes of this form, a **legal entity** includes a corporation, limited liability company, or other entity that is created by a filing of a public document with a Secretary of State or similar office, a general partnership, and any similar business entity formed in the United States or a foreign country. **Legal entity** does not include sole proprietorships, unincorporated associations, or natural persons opening accounts on their own behalf.

• What information do I have to provide?

This form requires you to provide the name, address, date of birth and Social Security number (or passport number or other similar information, in the case of Non-U.S. Persons) for the following individuals (i.e., the **beneficial owners**):

- (i) Each individual, if any, who owns, directly or indirectly, 25 percent or more of the equity interests of the legal entity customer (e.g., each natural person that owns 25 percent or more of the shares of a corporation); **and**
- (ii) An individual with significant responsibility for managing the legal entity customer (e.g., a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Managing Member, General Partner, President, Vice President, or Treasurer).

The number of individuals that satisfy this definition of "beneficial owner" may vary. Under section (i), depending on the factual circumstances, up to four individuals (but as few as zero) may need to be identified. Regardless of the number of individuals identified under section (i), you must provide the identifying information of one individual under section (ii). It is possible that in some circumstances the same individual might be identified under both sections (e.g., the President of Acme, Inc. who also holds a 30% equity interest). Thus, a completed form will contain the identifying information of at least one individual (under section (ii)), and up to five individuals (i.e., one individual under section (ii) and four 25 percent equity holders under section (i)). The financial institution may also ask to see a copy of a driver's license or other identifying document for each beneficial owner listed on this form.
